NIHIL KUMAR

SOFTWARE ENGINEER | PHP & LARAVEL DEVELOPER

+91 7739286549 | nihilk6@gmail.com
LinkedIn | GitHub | HackerRank

PROFESSIONAL SUMMARY

Software engineer with 2.5+ years of experience developing and modernizing production web applications using PHP, Laravel, MySQL, and REST APIs. Experience spans job portals, workforce management, rental platforms, and product tracking. Skilled in backend architecture and legacy modernization; preparing Entryo, an independent visitor management product, for launch.

TECHNICAL SKILLS

Languages: PHP, Python
Backend & Database Laravel, Core PHP, REST APIs, MySQL
Cloud & Tools: AWS EC2, S3, Lambda, Git, GitHub, Postman, FlutterFlow
AI Development: ChatGPT, OpenAI Codex, Claude, prompt engineering for development and debugging
Core Concepts OOP, MVC

PROFESSIONAL EXPERIENCE

Web Developer | Inventive Infotech Jan 2026 - Aug 2026

ABox Console - Workforce Management & Attendance Platform | Live Platform

Tech: Core PHP, MySQL

- Modernized a legacy MVC application by restructuring key modules in Core PHP and improving user workflows, backend logic, and SQL queries.
- Delivered business enhancements with stakeholders and used AI tools to support debugging and documentation.

Pacifici Connect - Job Portal & Business Platform | Live Platform

Tech: Laravel, PHP, MySQL, REST APIs, Google Places API

- Developed backend modules and REST APIs for authentication, OTP verification, referrals, notifications, and user dashboards.
- Integrated Google Places API for location search and autocomplete; improved security and mobile responsiveness, and supported testing, deployment, and production maintenance.

Web Developer | Prizm Holography and Security Film May 2024 - May 2025

Track & Trace System - JSBCL

Tech: Laravel, PHP, MySQL

- Built a real-time product tracking system with admin and client portals, APIs for movement tracking, audit history, reporting, and authentication; optimized database schemas for large-scale workflows.

FlatAndMate.in - Rental & Housing Platform | Live Platform

Tech: Laravel, MySQL, Google Maps API

- Developed property and PG listings, flatmate search, bookings, and user management; integrated Google Maps and implemented rental agreement and verification workflows.

Junior Developer | CliqIndia / CliqBiz Pvt. Ltd. Jul 2023 - Dec 2023

- Developed Laravel and PHP backend modules with MySQL for a production news platform; integrated and documented REST APIs using Postman and built mobile interfaces with FlutterFlow.

INDEPENDENT PROJECT

Entryo - Visitor Management Platform | entryo.in

Independent Developer | Pre-launch | Laravel 13, PHP, MySQL, Flutter, Dart, Blade, JavaScript, Vite 8

- Designed and built a web platform and a Flutter Android app using shared REST APIs, with four user roles: Super Admin, Building Admin, Host, and Guard.
- Implemented QR code and barcode scanning, visitor invitations, notifications, subscription limits, and reports; secured API access
- Deployed the application on cPanel hosting and improved performance with SQL aggregation, short-lived dashboard caching, and on-demand JavaScript loading.

INTERNSHIP EXPERIENCE

Python Development Intern | CodeClause Feb 2023 - May 2023

- Developed Python applications, including a Tkinter billing system, a fire detection tool, a URL shortener, and a plagiarism checker.

EDUCATION

B.Tech. in Information Technology | Greater Noida Institute of Technology 2023
Senior Secondary | MBBL Inter College, Bihar 2019
Secondary | DAV Public School, Muzaffarpur, Bihar 2016
